20th October 2007

Dear Toby,

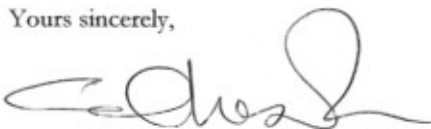

Re: Love Without Boundaries Charity Ball 28th September 2007

With reference to the above mentioned Charity Ball, I would like to take this opportunity to say thank you to you and the band for attending this event in September. I can only apologise for the events of the evening prior to the band coming on stage and also for the misunderstanding on my behalf with regards to their food situation.

I do hope that this hasn't put anyone off playing at one of our events in the future as the good news is that we were able to raise £19,420, which was way beyond our expectations and will not only go towards urgent heart surgeries for two designated young babies currently in an orphanage in China, but will also be able to pay for much needed leg surgery for another little girl and a number of tongue-tied surgeries for other children.

Finally, on behalf of Love Without Boundaries I would like to thank you all again for providing such great entertainment on the night and making it so enjoyable for all those that attended, I have passed your details on to a number of people since then who are interested in booking the band for other events.

Yours sincerely,

Caroline Chesterton
Event Organiser
